

In 2003, I made the choice to join the local volunteer Fire dept., took a leave of absence, and came back to my little town of Frost, MN where I am now Fire Chief and where I call home. I've since joined the ambulance as an EMR and have been on some pretty easy and difficult calls with both Fire and Ambulance. I've seen the worst of the worst, assisted in saving lives, and lended a hand in anyway, shape, or form when needed.

One thing I have been proud to say is that no matter what the call, the time of day or night, or the severity of the call, our Faribault County Sheriff's Department officers and the Sheriff's themselves, Mike Gormley and Scott Adams, will jump right in and help when most would run! We have been very fortunate to have had leadership like the past two sheriffs in this county and in my opinion, Chris Albers is the only candidate in this sheriff race that will continue to provide the same leadership and direction we all have grown accustomed too! Chris Albers for Faribault County Sheriff, I hope others have seen or understand your dedication to the county and the department and join me on Election Day to pass the torch to the third sheriff in my time on the department that I know will make this county a better and safer place for all!

Nick Olson
Frost Fire Department Chief
